

ANNUAL REPORT

OF THE

OFFICERS

FOR THE

Town of Woodstock

New Hampshire

Year Ending
December 31, 2009

The Town of Woodstock's 2010 Town Report is Dedicated to:

The Bull Gang

This year we proudly dedicate this annual report to the "Bull Gang." Bob Stahler was the driving force behind the renovations of Cascade Park along with John Currier, Dick Barisano, and Charlie Harrington. They were out there day after day in all weather volunteering their time with the common goal of providing the community and its guests with a first-rate park that has become a significant attraction on Main Street and along the banks of the Pemigewasset.

**Appointments made in 2009*

MINUTES OF TOWN MEETING
Woodstock, New Hampshire
March 10, 2009

Moderator D. Kenneth Chapman called the meeting to order at 10:00 a.m. A motion was made by Doris Roth to dispense with the reading of the entire warrant and to open the polls, seconded by Dean Roth – unanimous affirmative vote. Polls were closed at 6:00 p.m.

The Business Meeting was called to order at 7:30 p.m. The Moderator welcomed everyone to the meeting.

The Moderator explained the rules of the meeting

1. All cell phones must be shut off;
2. Speakers must stand and identify themselves;
3. Only registered voters may speak and vote;
4. Anyone not a registered voter wishing to address an issue may do so only with the permission of the Moderator;
5. Motions for reconsideration must be made immediately after the vote is announced on the article;
6. The Moderator's rules can be challenged or overruled by the voters.

So moved by Sherry Hoover, seconded by Marion Walsh.
Unanimous affirmative vote to accept rules.

**Article 1: To choose all necessary Town Officers for the year ensuing:
1-Selectman, 1 Town Clerk, 1 Tax Collector, 1 Town Treasurer, 1 Supervisor of the Checklist, 1 Fire Chief, 1 Library Trustee, 1 Trustee of Trust Funds, 2 Cemetery Trustee, 3 Budget Committee, 2 Planning Board, 2 Floodplain Board of Adjustment**

Selectman for Three Years (vote for one)	
Joel Bourassa	106
Town Clerk for Three Years (vote for one)	
Judy Welch	120
Tax Collector for Three Years (vote for one)	
Melissa Avery Sabourn	113
Treasurer for Three Years (vote for one)	
Eleanor Harvey	113
Supervisor of the Checklist for One Years (vote for one)	
Cindy Thomas	11
Fire Chief for One Year (vote for one)	
William R. Mellett	107

Tom Sabourn 6

Library Trustee for Three Years (vote for one)

Judith Boyle 114

Trustee of Trust Funds for Three Years (vote for one)

Darryl M. Rodgers 112

Cemetery Trustee for Three Years (vote for one) – no one elected

Cemetery Trustee for Two Years (vote for one) – no one elected

Budget Committee for Three Years (vote for two)

Linda Hartman 94
Paula Mackay 100

Budget Committee for Two Years (vote for one) – no one elected

Planning Board for Three Years (vote for two)

Kim Catucci 50
Scott Rice 101
Darryl Rodgers 71

Floodplain Board of Adjustment for Two Years (vote for one) – no one elected

Floodplain Board of Adjustment for One Year (vote for one) – no one elected

Article 2: Are you in favor of accepting the portion of Ladyslipper Road that lies within the subdivision of parcel 216-013, and formerly known as Hubbard Pines Road as a public road? Said road meets all requirements having been built to, or in excess of, the plans approved by the Town of Woodstock's Planning Board and has been paved to, or in excess of, State and Town specifications. (Inserted by petition.) (Majority vote required.)

So moved by Jay Polimeno, seconded by Steve Degiso.

After voice vote, the Moderator called for a secret ballot vote.

Article 2 defeated. (29 Yes Votes – 35 No Votes)

Article 3: To see if the municipality will vote to discontinue the following Capital Reserve Funds with said funds with accumulated interest to date of withdrawal, to be transferred to the municipality's general fund. (Majority vote required.)

2000-Community Ball field	\$0
2002-Community Center	\$0
1993-Fire Station	\$0
1998-Incinerator Building Close-out	\$11.60
Revaluation	\$16.74

So moved by Joe Bossie, seconded by Sherry Hoover.

Unanimous affirmative vote to accept Article 3.

Article 4: To see if the Town will vote to raise and appropriate the sum of Five Thousand (\$5,000) to be placed in the existing Fire Truck Capital Reserve Fund. The Selectmen and the Budget Committee recommend this appropriation. (Majority vote required).

So moved by Joanne Osgood, seconded by Marty Talbot.
Unanimous affirmative vote to accept Article 4.

Article 5: To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in the existing Water Department Capital Improvements Capital Reserve Fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

So moved by Dave Talbot, seconded by James Fadden Sr.
Unanimous affirmative vote to accept Article 5.

Article 6: To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) to be placed in the existing Library Computer Equipment Expendable Trust Fund. The Selectmen and the Budget Committee recommend this appropriation. (Majority vote required).

So moved by Deb Showalter, seconded by Paul Bankosky.
Vote made affirmative with some opposition for Article 6.

Article 7: To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in the existing Main Street Revitalization Expendable Trust Fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

So moved by Dave Talbot, seconded by Joe Bossie.
Unanimous affirmative vote to accept Article 7.

Article 8: To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in the existing Solid Waste Facility Improvements Capital Reserve Fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

So moved by Paul Bankosky, seconded by Marion Walsh.
Unanimous affirmative vote to accept Article 8.

Article 9: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in the existing Highway Maintenance Capital Reserve Fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

So moved by Susan Young, seconded by Tom Sabourn.
Unanimous affirmative vote to accept Article 9.

Article 10: To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000) to be placed in the existing Highway Heavy Duty Capital Reserve Fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

So moved by Dan Keniston, seconded by Paul Bankosky.
Unanimous affirmative vote to accept Article 10.

Article 11: To see if the Town will vote to raise and appropriate the sum of Two Million Five Hundred Nine Thousand Nine Hundred Sixty Dollars (\$2,509,960) for the operating budget. This amount does not include any articles voted separately. (Majority vote required.)

So moved by Susan Young, seconded by Sherry Hoover.
Vote made affirmative with limited opposition for Article 11.

Article 12: To transact any other business that may legally come before the meeting.

The Board of Selectmen presented Bill Mellett with a Fire Department cuckoo clock commemorating 50 years of service.

Ken recognized the marriages, civil unions, births, and deaths listed in the town report.

Doris Roth recognized Marion Walsh's many years of service as a Supervisor of the Checklist and stated that she would be resigning.

Respectfully submitted,

Judy Welch
Town Clerk

REPORT OF THE BOARD OF SELECTMEN 2009

Woodstock at its Best

Everyone knows that the residents of Woodstock are an independent breed that hold strong to family and community values in a day and age where, in many communities, the opposite seems to be the norm.

This past year epitomized that community spirit. For example, the revitalization of Cascade Park was a great case in point. Spearheaded by four primary volunteers to whom this Annual Report is dedicated, this massive project involved dozens of residents from all walks of life, some dedicating an hour or two of labor, others donating days of their time. Local contractors provided their skills, expertise, and materials for free or at cost. Other good souls brought goodies, coffee and cold beverages to the volunteers during the course of the summer. Cascade Park soon became the social epicenter of the community as it was not unusual to see a dozen or so residents socializing with one another at the project. Woodstock at its best.

Then, there was the outreach to others. In tough times for everyone, our residents found it in their hearts to donate strongly and passionately to provide Thanksgiving dinners to those less fortunate and then shortly afterwards they stepped up to the plate to donate again providing toys and dinners for the Christmas season. And, once again, we saw people reach out quietly to support a few of our own who had severe illnesses and massive bills to overcome. Nobody donates for recognition, pictures in the papers or pats on the back. Not in Woodstock.

We also saw a group of residents, with enough holiday spirit for the entire state; create a holiday event on Main Street that epitomizes the spirit of the holidays in New England while it underscores the great community spirit we all share.

Daily, we see our own town employees from all departments helping others in hundreds of ways — none of which are in their job descriptions. Most do far more, behind the scenes and with no fanfare, than we ever will see.

You could correctly say that our little village has character but that would only be the half of it. Character in a community is impossible without the building blocks of generosity, volunteerism and community pride. For that we are very grateful! Woodstock at its best!

Respectfully Submitted,
Board of Selectmen

REPORT OF THE NORTH COUNTRY COUNCIL, INC.
Regional Planning Commission & Economic Development District

December 4, 2009

Dear Friends,

This year has been an exceptional tough year, not only for our region, but the entire country. We realize that all of our communities have struggled with budgets and the economic hardships of its citizens and we hope that North Country Council has been able to help. We would like to thank all of you for your support of the North Country Council this past year.

We continued to deliver planning services throughout the region. We have and we will continue to adjust our capacities to respond to the needs of the communities and you will see this in the programs that we will be introducing in the coming years. We are continuing our Community Outreach program targeted at helping our planning boards in the difficult tasks of managing the planning activities in their communities. These programs, as well as all the traditional programs in master planning, solid waste management, natural resource planning, Brownfields Assessments and transportation planning, will continue to be a focus of North Country Council. Our primary focus this year has been on economic development as we try to respond to the economic downturn in the region. We continued our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. We applied for and received a number of very significant grants from EDA for the region as well as a significant Brownfields Grant from EPA.

Again, thank you for all of your support for the Council. I hope that my staff and I can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community need. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Respectfully submitted,
Michael King
Executive Director

NORTH COUNTRY HOME HEALTH
& HOSPICE AGENCY, INC.

North Country Home Health & Hospice Agency has been meeting the home health and hospice needs of the North Country since 1971.

North Country Home Health & Hospice Agency provides skilled services such as nurses, therapist, home health aides, medical social workers, and homemakers. Under our hospice program we also pay for medications for symptom relief, medical supplies and equipment, short term hospitalization and in-patient respite care, counseling and pastoral support. Our Compassionate Care program provides limited amounts of free skilled care to those living with a life-limiting illness who are not eligible for traditional hospice benefits. In January 2007, we added hospice volunteer services to improve our continuum of care by creating an even stronger program of hospice and palliative care for residents. In 2009, we traveled 221,820 miles to provide 23,315 visits to the residents in our 21-Town service area.

North Country Home Health and Hospice relies on Town support and individual donations to help underwrite the cost of providing home health and hospice care to residents who are uninsured or underinsured. The Board of Directors and Staff of North Country Home Health & Hospice are grateful for your continued support of our work in this community and look forward to working with you to meet the home care and hospice needs of the residents of North Woodstock.

Executive Director

HEALTH OFFICER REPORT

As Health officer I investigated numerous complaints in 2008, The activity this past year included the following investigations:

- Two separate investigations Under RSA 147:13; Offensive Matter
- Two investigations concerning animal waste.
- One complaint about a Septic System.
- Three investigations regarding landlord tenant disputes over mold, sewage and other sanitation issues
- One investigation regarding a food service license.

We also got involved in prescription drug issues within our community. Proper disposal and the abuse of prescription drugs are a local health concern. We partnered with the CADY organization to bring a prescription drug education program to our seniors regarding the issues.

One of the biggest public health concerns for 2009 was the spread of the H1N1 virus or “Swine Flu.” There have been numerous clinics in the area and as of 2010 all age groups are available to receive the vaccination.

Take the following precautions to prevent the spread of flu and other illnesses:

- **Avoid** close contact with people who are sick. **Stay** home when you are ill to avoid making others sick.
- **Cover** your mouth and nose with a tissue when you are coughing or sneezing-or cough or sneeze into your elbow to avoid spreading germs.
- **Wash** your hands often to help avoid becoming sick and spreading germs to others.
- **Refrain** from touching your eyes, nose, and mouth because hands are the best germ carriers.
- **Practice** good health habits, such as getting plenty of sleep, eating a healthy diet, being physically active, and drinking plenty of water.

Ask your healthcare provider what vaccinations and tests you should get based on your age, lifestyle, travel plans, medical history, and family health history.

Get vaccinated for both H1N1 and seasonal flu at your earliest opportunity.

Respectfully Submitted,
Douglas Moorhead Health Officer

NORTHERN HUMAN SERVICES
White Mountain Mental Health and Common Ground
2009 Director's Report

Last night, before I settled down to write this year's Director's Report, I opened the local paper. A feature story was devoted to Eric Hipple, a former Detroit Lion's football player, who lost his 15-year-old son to suicide. The article focused Mr. Hipple's story of tackling his own bouts of severe depression and surviving suicide loss. After reading the article, I had three thoughts. First, we have come a long way toward beating not only the illness of depression, but also the stigma of mental illness. A few years ago, I suspect Mr. Hipple would have hidden his personal struggle for fear of appearing weak or being blamed for his son's death. Today, he is able to use this experience to help others and to reassure all of us that, as the book title says, "Real Men Do Cry". For those of us in the mental health field, this progress is great to see. My second thought was that people reading the article need to know that Community Mental Health Centers like White Mountain Mental Health are here to help. In your community, you do have a place to turn when this kind of crisis strikes your family. My third thought was that our national and state governments are short-sighted in cutting funding for mental health. To put this another way, it is the best of times for mental health as more people recognize that getting treatment for a mental illness is much like getting treatment for a physical illness; private but not shameful. But it is also the worst of times. This year has been one of the most challenging ever for Community Mental Health Centers in our state and throughout the country. As the State of New Hampshire struggles with a budget deficit, payments to mental health centers are being cut. There is absolutely no subsidy to help mental health centers provide services on a sliding fee scale to those people who clearly need our support, but who are not severely and persistently mentally ill and eligible for State support through Medicaid. In this environment, I am happy to be able to report that White Mountain Mental Health, unlike many mental health centers and private practitioners, has continued to welcome all residents of our communities who come to us for help. Our ability to keep our doors open to everyone is directly related to the appropriations we receive from our towns. Your help is also crucial in allowing us to maintain our satellite locations in Lincoln, Woodsville and Lancaster. In this economy, being able to receive services close to home is important.

Many people have asked me this year if we notice a change in the people seeking mental health care. The answer is a resounding "yes"! People who have never needed mental health care in their lives are experiencing overwhelming challenges. Many hard working residents of the North Country have lost jobs this year. Loss of a job takes away not only income, but also health insurance and, in many cases, self esteem and personal stability. Our children feel the impact of our stress. It is hard to be a nurturing and patient parent when you are trying to come to grips with major losses in your life. Those who have been lucky enough to maintain employment may be working two or three jobs to make ends meet. It is hard to find a person who feels that their emotional and financial

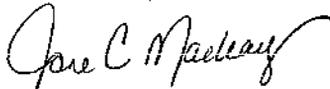

status has improved this year. Our referrals are up and both the number of people needing our services and the severity of their situations has increased. We are thankful that our communities recognize the value of having a resource for mental health, substance abuse and developmental disabilities in their town.

This year White Mountain Mental Health provided **154.25** hours of service to **29** residents of the town of Woodstock. During the year, we have literally saved lives, including the lives of young people who would otherwise have been lost to suicide. We encourage you to know the following warning signs:

- Appearing depressed or sad most of the time.
(Untreated depression is the number one cause for suicide.)
- Talking or writing about death or suicide.
- Withdrawing from family and friends.
- Feeling hopeless, helpless, strong anger or rage.
- Feeling trapped -- like there is no way out of a situation.
- Experiencing dramatic mood changes or a personality change.
- Abusing drugs or alcohol.
- Acting impulsively or recklessly.
- Losing interest in most activities.
- Experiencing a change in sleeping or eating habits.
- Losing interest in most activities.
- Performing poorly at work or in school.
- Giving away prized possessions.
- Feeling excessive guilt or shame.

Although some suicides occur with no warning, approximately 75% of suicides involve one or more of these signs. Thank you for maintaining a vital resource in your community.

Respectfully Submitted,

Jane C. MacKay, LICSW
Area Director

EMERGENCY MANAGEMENT

Emergency Management in Woodstock had a relatively quiet year for 2009. We were not devastated by any natural disasters and even the few power outages that we had were very short in duration. Our largest expenditure of 2009 was the purchase of an emergency Raft / Boat specifically made for water rescue. Over the years the usage of the river system in Woodstock has grown exponentially and has required emergency services to respond for assistance on a regular basis.

The Woodstock Fire & Police Department are working to be able to assist NH Fish and Game with rescues. Often Town Emergency services arrive well in advance of State agencies and our goal is to serve the citizens and visiting public to best of our ability. We will be conducting cooperative training over the next year and will greatly improve the town's capability to handle situations.

Most disasters that might strike Woodstock, New Hampshire are weather-related and typically involve the loss of commercial power. Being out of power for a few hours is more of an inconvenience than a disaster. However, a prolonged power outage or one which occurs during severe winter weather, could force you out of your home and into a shelter.

The ideal situation for homeowners is to have a secondary source of heat, which does not require electricity or a generator to provide power. A secondary heat source might be a fireplace or wood or gas stove. If you decide to invest in a generator, be sure a qualified electrician installs it and *never* operate the generator in an enclosed area, such as a garage. Generators create an inherent carbon monoxide danger and must be properly ventilated.

Also, on the subject of carbon monoxide danger, never use a cooking appliance designed for outdoor use inside. Barbeque grills, whether gas or charcoal, should stay out on the deck or patio. They should *never* be used indoors.

Sincerely,
Douglas Moorhead, EMD

REPORT TO THE PEOPLE OF DISTRICT ONE
by Raymond S. Burton, Executive Councilor

2009 was indeed the year of American Recovery and Reinvestment Act (ARRA)/Stimulus Funds in New Hampshire!

As of November 4, 2009, \$579,305,870.00 had been allocated in New Hampshire in nine areas: business/community; education; employment; energy; health; housing; safety; technology and transportation. Of that \$181,463,876.00 went to Council District One towns and cities and the counties of Belknap, Carroll, Coos, Grafton and Sullivan.

The ARRA money has enabled local, state and county government to work on projects that have been in process and planning for years. For a complete listing of these projects go to: www.ed.state.nh.us/education/recovery/index.htm or write to my office.

Governor Lynch has now submitted the New Hampshire Transportation Plan to the New Hampshire House and Senate. Highways/bridges, rail, aviation and public projects are among the proposed recommendations. Contact your local State Senator and Legislator for details about what projects you believe to be key ones for your region.

As Councilor, I do not see new revenues being raised in New Hampshire State Government. With the decline in existing revenues leading to cut backs in services, only time will determine what the law making branch has in mind for new dollars. Keep in close touch with your local State Senator and Legislator to make sure costs are NOT passed on to county and local government.

The Governor and Council are required by law to fill dozens of boards and commissions with volunteers. If you are interested in serving, please send a letter of interest and your resume to Governor John Lynch, Attention: Jennifer Kuzma, Appointment Liaison, State House, 107 North Main Street, Concord, NH 03301 For the current list of what possible appointments might be coming up go to: <http://www.sos.nh.gov/redbook/index.htm>.

There is a constant flow of informational items available at my office: tourist maps, consumer handbooks and the New Hampshire Constitution. Each Monday I send, via e-mail, the schedule of my weekly meetings and other information. Send me your e-mail to be added to the list at rburton@nh.gov or find the schedule on my State House web page at: <http://www.nh.gov/council/district1/schedules>.

Contact my office anytime I can be of help.

2009 FIRE DEPARTMENT REPORT

I thought something new would or should be appropriate for this fire report. “BUT” after thinking it over I guess the same old messages should be tried again.

Post your 911 address number on your property building or post so emergency services can see it from the main road. If we can't find you, we can not help you.

Make sure your smoke detectors work. Install new batteries and buy new detectors if yours are getting old. Make sure you have enough detectors to cover all parts of your house; every floor and each bedroom. Check into an upgrade to hard-wired detectors.

Do you have a carbon monoxide detector? If you do, make sure it works. If you do not, get one and install it today. Don't go to sleep without one.

If you own an apartment house install a good fire alarm system.

Do you own a Motel, Bed and Breakfast or rooming house? Is your alarm system up to date and working? Do you have smoke detectors in every room?

Place of Assembly owners need to maintain your alarm system, emergency lights, exit lights, and keep your place safe.

If you burn wood or solid fuel get your chimney and smoke pipes cleaned and keep them clean.

You will hear more and more about sprinklers in residential buildings. Check this one out. You should know sprinklers for residential properties are available and they do work.

We had 98 calls in 2009 as follows:

Structure Fire	6
Motor Vehicle Fire	1
Motor Vehicle Accident	37
Fire Alarm	24
Chimney Fire	4
Forest Fire	1
Dumpster Fire	0
Wires Down	2
Rescue	7
Carbon Monoxide Alarm	1
Propane Leak	0
Hazmat Incident	1
Mutual Aid to Other Towns	6
Other	8
Total	98

Respectfully submitted,
William R. Mellett, Fire Chief

REPORT OF FOREST FIRE WARDEN
AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

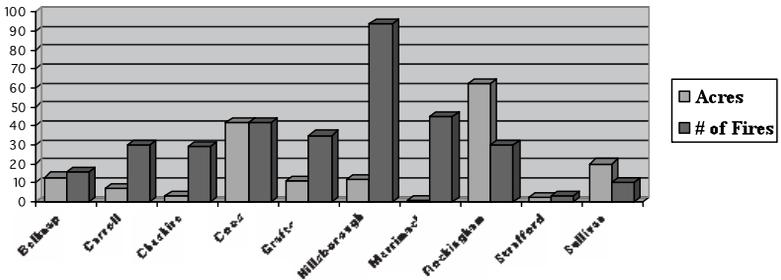

Spring fire season was unusually short this past year, with wet weather beginning the third week in April and lasting virtually all summer long. Consequently both the number of fires and the number of acres burned were below the last five year average. Due to state budget constraints, the staffing of our statewide system of 16 fire lookout towers was limited to class III or higher fire danger days. Despite the reduction in the number of days staffed, our fire lookout towers are credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented this year by contracted aircraft and the Civil Air Patrol when fire danger was especially high. Surprisingly the largest single fire this year occurred in late November during an unusual dry spell, in the northern Coos County town of Clarksville. This fire burned 17.1 acres and is presumed to have been caused by a careless hunter. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2009 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

2009 FIRE STATISTICS

(All fires reported as of December 3, 2009)

(figures do not include fires under the jurisdiction of the White Mountain National Forest)

ONLY YOU CAN PREVENT WILDLAND FIRE

POLICE DEPARTMENT REPORT

It seems like a short time ago we were ushering in the new Millennium in 2000. Now we have just completed the first decade of the Millennium. During 2009 the Woodstock Police Department saw our calls for service remain about the same compared to 2008 figures. Our arrests were down 44 percent, which is our largest drop ever. In part I believe it was partially due to the economy and a rainy start to the summer. Our officers have also been very proactive patrolling problem areas which has led to prevention. Additionally, the Woodstock Police Department began an internal program modeled after the Restorative Justice / and or diversion program. It is for first time offenders of minor offenses.

This internal program keeps the offender out of the Court system and saves the Town time and energy. The offender agrees to a contract with the Police Department and as long as successful completion of the contract occurs the offender does not need to go to court. At times the requirements of the Restorative Justice Contract are much more labor intensive than merely paying a fine. A typical agreement will have a continuing education component, community service, good behavior for a year and a substance abuse course (if appropriate) along with other requirements.

Some interesting facts about our department:

- July and August continue to be our highest months for activity.
- February is our lowest month for activity.
- Last year of our 68 victims of crimes only 9 of the offenders were strangers, 59 of the offenders were known to the victim.
- We had 493 criminal offenses committed in 2008, 191 of those occurred on a road, highway, or in an alley. 151 happened at a residence and 55 were in a field or in the woods.
- 69% of Offenders were using alcohol, 11 percent controlled drugs (some were combinations of). Therefore only 20 percent of offenders are considered “sober.”

As usual the Woodstock Police Department assisted with many community service programs. The Department enjoys a close working relationship with the Lincoln Woodstock Rotary club and other organizations. We are very involved with NH Special Olympics, Caroling with the Scouts, along with the other holiday programs. We also check on our seniors who are in need of assistance, this occurs on a regular basis. One program that has grown is providing warm clothing for children in need in our area. We have a stockpile of clothing here at the PD and can sometimes provide boots and coats immediately upon request. Several of our officers even volunteered in uniform when Extreme Home Make Over came to NH last fall.

As always I am looking for new ideas on how we can serve the community.

If any community member has an idea, complaint or concern feel free to stop by and let us know what's on your mind!

Sincerely,
Douglas L. Moorhead, Chief of Police

MOOSILAUKE PUBLIC LIBRARY

Annual Report 2009

- Circulation total for the year was 2696
- Acquisitions for the year were 444 items
- There were 733 registered library users
- Internet activity was 740 users

Your library has a total collection of 10,390 print items, with 28 magazine subscriptions and 568 videos and audio books. The postcard collection holds 241 items. Also, added this year two Kill-A-Watt Energy Detectors.

The statewide New Hampshire summer reading program was titled “Summertime... and the Reading is Easy.” The summer reading program for 2010, a nationwide program, will be “Make a Splash...Read.” We continue our joint effort with Lincoln Public Library. Statistics for the summer reading program were 46 children, which includes a magic show finally put on by Norman Ng.

In addition to the reading program, we held a program for all ages titled “Susan B. Anthony — The Invincible,” funded by the New Hampshire Humanities To Go Program and our Library. Attendance at this program totaled 30 individuals of all ages. Our regular programs for WIC and at Lin-Wood Child Care Center continue on a monthly basis.

Don Goyette retired this year with a send-off party welcoming patrons to bid him farewell and good luck.

WATER QUALITY REPORT 2010

Is my water safe?

Last year, as in years past, your tap water met all U.S. Environmental Protection Agency (EPA) and state drinking water health standards. Local Water vigilantly safeguards its water supplies and once again we are proud to report that our system has not violated a maximum contaminant level or any other water quality standard.

Do I need to take special precautions?

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control (CDC) guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Water Drinking Hotline (800-426-4791).

Where does my water come from?

Two gravel packed wells.

Source water assessment and its availability

Nh Department of Environmental Services has prepared a Source Assessment Report for the source(s) serving this public water system, assessing their vulnerability to contamination. The results of the assessment, prepared on March 31, 2001 are as follows:

GPW1/IN PH 1 — 1000' West of route 175 received 2 high susceptibility ratings, 2 medium susceptibility ratings, and 8 low susceptibility ratings.

GPW2/IN PH 2 — 200' South East of GPW1, received 2 high susceptibility ratings, 2 medium susceptibility ratings, and 8 low susceptibility ratings.

The complete Assessment Report is available for inspection at Woodstock Town Office. For more information, call Bill Mellett at 603-745-8752 or DES at 603-271-3303 or visit NH www.des.state.nh.us

Why are there contaminants in my drinking water?

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's (EPA) Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in

some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity: microbial contaminants, such as viruses and bacteria, that may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife; inorganic contaminants, such as salts and metals, which can be naturally occurring or result from urban stormwater runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming; pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses; organic Chemical Contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems; and radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities. In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

How can I get involved?

Contact William Mellett, Superintendent at 603-745-8783 or Board of Selectmen at 603-745-8752. Board Meeting Schedule posted at the Town Office, 165 Lost River Road

Additional Information for Lead

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Woodstock is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

Water Quality Data Table

The table below lists all of the drinking water contaminants that we detected during the calendar year of this report. The presence of contaminants in the water does not necessarily indicate that the water poses a health risk. Unless otherwise noted, the data presented in this table is from testing done in the calendar year of the report. The EPA or the State requires us to monitor for certain contaminants less than once per year because the concentrations of these contaminants do not change frequently.

Contaminants	MCLG or MRDLG	MCL, TT, or MRDL	Your Water	Range			Sample Date	Violation	Typical Source
				Low	High				
Inorganic Contaminants									
Barium (ppm)	2	2	0.014	0.013	0.014	2009	No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits	
Copper - source water (mg/L)		1.3	0.051	0	0.051	2009	No	Corrosion of household plumbing systems; Erosion of natural deposits	
Fluoride (ppm)	4	4	0.3	0.3	0.3	2009	No	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories	
Lead - source water (ppb)		15	2	0	2	2009	No	Corrosion of household plumbing systems; Erosion of natural deposits	
Nitrate [measured as Nitrogen] (ppm)	10	10	0.9	0.5	0.9	2009	No	Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits	
Radioactive Contaminants									
Radium (combined 226/228) (pCi/L)	0	5	2.3	0.8	2.3	2006	No	Erosion of natural deposits	

Unit Descriptions	
Term	Definition
ppm	ppm: parts per million, or milligrams per liter (mg/L)
pCi/L	pCi/L: picocuries per liter (a measure of radioactivity)
NA	NA: not applicable
ND	ND: Not detected
NR	NR: Monitoring not required, but recommended.

Important Drinking Water Definitions	
Term	Definition
MCLG	MCLG: Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MCL	MCL: Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
TT	TT: Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.
AL	AL: Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
Variations and Exemptions	Variations and Exemptions: State or EPA permission not to meet an MCL or a treatment technique under certain conditions.
MRDLG	MRDLG: Maximum residual disinfection level goal. The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
MRDL	MRDL: Maximum residual disinfectant level. The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MNR	MNR: Monitored Not Regulated
MPL	MPL: State Assigned Maximum Permissible Level

2009 REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission lost almost all of its members between June and August of this year. Jackie Wilson is currently unable to chair monthly meetings, but the Selectmen voted to have her stay on as a member. She receives Conservation Commission mail and reports to the Selectmen when necessary.

In 2009 the Commission witnessed communications for wetlands permits between the DES and developers and private land owners. We supported the Trout Unlimited Pemigewasset River Restoration project, which was completed in September 2009.

The Commission sponsored an essay contest to provide a scholarship for a Lin-Wood student to attend a week-long UNH/4H camp. Student Tyler Jones was selected to attend the week-long camp at Camp Barre.

The request we received in 2008 from South Peak Resort at Loon Mountain, via Stephen LaFrance of Horizons Engineering, to expand a 2005 easement that the Town currently holds (as compensatory mitigation for a Wetlands Bureau Dredge and Fill Permit) from 7.6 to 43 acres, has been put on hold. The owners are in the process of deciding if, how, and when they might proceed with future phases of development and are not in a position to move forward with the easement as proposed.

Respectfully submitted,
Jackie Wilson
Geoff Wilson

SOLID WASTE FACILITY REPORT 2009

Although 2009 proved to be a tough year for the recycled markets we managed to do better than most. Thanks to the removal of both of the old incinerators in 2008 we were able to store up a year's worth of cardboard, paper and aluminum. As a result we managed to broker our recyclables during a high market condition in 2009 which yielded us substantially more revenue. One example is that during October of 2008 cardboard was at a minus or pay for item, this lasted until January of 09 then the cardboard market crept up very slowly. As a Result of waiting we were able to sell our cardboard in August for high market price and made an additional \$5000 more than if we had to sell loads of cardboard as we made them. We also installed a new Solid Waste MSW compactor power unit this past year. This has enabled us to pack and additional 1- 2 tons of solid waste into our compactor containers which will lead to savings as well this year. In December of this year, the Lincoln and Woodstock Solid Waste Board voted to initiate a Solid Waste Haulers Rules and Regulation. This Regulation sets guidelines and mandates recycling for all of the Commercial Solid Waste delivered to this facility. This will also save expenses as we only currently get charged for waste that we send out in our MSW compactor. All the recyclables are either sent out for free or we get revenue for them. I have planned a Household Hazardous Waste day for the fall of 2010 so be on the lookout for hand-outs that will inform you of the date and time of the event. . Together with the Lincoln and Woodstock Solid Waste Board I continue to look to the future to find ways of disposing your solid waste in a cost effective manner. One other fact that I would like to share with you is that in the eleven years since I have been working at this facility for you we have returned recycling revenues totaling over \$250,000. I bring this to your attention so that you can see the benefits of recycling, the savings do indeed add up, and they are reflected directly in your property tax. I would be remiss if I did not acknowledge the dedication and hard work of Jim Conn and Russell Clark; although they are relatively new to the solid waste business they have done a great job on a daily basis. As always, if you have any questions or suggestions please do not hesitate to stop by and ask.

	Amount	Cost	Revenue	Cost Avoidance
Co-Mingle	199/tn	\$5115	\$0	\$17,022
MSW	1056/ tn	\$90,308	\$0	\$0
C&D	380/ tn	\$34,605	\$37,337	\$0
Newsprint	22/tn	\$0	\$1255	\$1882
Scrap Steel	106/ tn	\$0	\$12,164	\$9066
Cardboard	152/ tn	\$0	\$11,142	\$13,000
Aluminum Cans	9363/ lbs	\$0	\$5,151	\$400
Textiles	5/tn	\$0	\$0	\$428
Brush	30/ yd est	\$0	\$0	\$0
Waste Oil	440 gal	\$500	\$0	\$1000
Fryolator Grease	700 gal	\$330	\$90	\$0
Compost	100/ tn est	\$0	\$0	\$0
Totals		\$130,858	\$67,139	\$42,798

Cost avoidance by recycling is equal to the current disposal rate multiplied by the tons recycled.

Respectfully submitted,

Paul Beaudin, II
Solid Waste Facility Manager

LINCOLN – WOODSTOCK RECREATION DEPARTMENT'S 2009 ANNUAL REPORT

The Lincoln – Woodstock Recreation Department would like to thank everyone who volunteered their time during 2009.

This year's projects for the Recreation Department included:

- The Father Roger Bilodeau Community Building projects included **removal of the inefficient insulation, installation of new insulation; removal of the original older style casement windows, and installation of new energy efficient windows.** These projects were partially funded from a USDA rural facilities grant, with work being performed by Chey Insulation and Granite State Glass. Through the community center budget, this facility also received **Internet service, a mixing valve to regulate the hot water temperature, service from a new rubbish removal company, and the Afterschool became licensed with the State of New Hampshire** this year.
- The Kanc Recreation Area received **new a new tow hut, a new tow-rope, ski area signage, and is now using printed tickets for the Kanc Ski Area.**
- **Shannon O'Connor** donated her time and skills to offer a **gymnastics program** for K-5th graders this fall! Thanks also to **Alexandria Long** for helping with this program.
- **Ninth State Dance Studio, and owner/ director Carol Morrison** and her staff ran **youth dance classes and adult Zumba classes** at the Community center in 2009.
- In 2009 the Lincoln-Woodstock Food Pantry was established as a separate non-profit agency. The Food Pantry is located at The Father Roger Bilodeau Community Building, and is operated by program coordinator, **Teneil Rineer.**
- In 2009 the officers for the Lincoln-Woodstock Friends of Recreation were: **President, Stacey Caulder; Vice-President, Jessica Tamulonis; Treasurer, Vicki Iles; Secretary, Danielle Avery.** This group coordinates and staffs many events each year. Some of these events are just to strengthen community pride (the 4th of July games & BBQ, the Memorial Golf Tournament, or the Just for Kids shopping), and some are to raise funds (Memorial Day Yard Sale, the Veteran's Day Craft Fair, or the Ski-A-Thon), but all of them truly benefit the Lincoln-Woodstock community as a whole!

In addition to these projects, this year the Recreation Department also offered many programs and events for all ages of the Lincoln – Woodstock Community. This includes senior citizen trips to **Hampshire Pewter Factory** with lunch at **Morrisey's Front Porch; Salmon Falls Pottery** with lunch at **Johnson's Dairy Bar; Anheuser-Busch Brewery** with lunch at the **Olive Garden** in Manchester; The

Fryeburg Fair; and Christmas Shopping at the Christmas Tree Shop and the Rockingham Mall in Salem.

In 2009 we had 5316 skiers at the Kanc ski area, 87 Kanc Camp participants, 93 Adventure Camp participants; 53 Basketball players, 88 baseball, softball, farm league and t-ball players, 107 soccer players, 56 kids took swimming lessons, 45 golf lesson students, 16 Afterschool participants, 26 Outing Club participants, 37 gymnastics participants, 24 Kanc Carver participants, 13 Pre-Skiers, 20 adults took part in Zumba Classes, 14 children participated in youth dance classes, 7 youth participated in yoga classes, 31 future chefs took cooking classes, 135 Food Pantry participants, and 85 Senior Citizen trip participants. The usage breakdown was 2855 participants from Lincoln (or 46%) and 2308 participants from Woodstock (or 37%), and 1090 from out of town (or 17%) for a total of 6,253 participants this year!

We are fortunate to have so many volunteers that coach, run programs, chaperone, transport kids to games, donate prizes for events, and donate facilities for programs. Thank you all for your continued support in making these programs and events so beneficial for this community.

As we begin 2010 I hope that you can find the time to recreate either by yourself or with your loved ones. If you would like to see something offered, or if you are thinking about volunteering, contact me today and we will find something for you to get involved in!

Respectfully Submitted,

Tara Tower, CPRP
(Certified Park & Recreation Professional)
Recreation Director

UNH COOPERATIVE EXTENSION

Kathleen Jablonski, Extension Educator and County Office Administrator
2009 Annual Report

University of New Hampshire Cooperative Extension has been grateful for the support of Grafton County citizens, communities, County Commissioners and the County Delegation in continuing our mission to provide New Hampshire citizens with research-based education and information, to enhance their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, and improve the economy.

Staff members Deborah Maes, Family and Consumer Resources, Arianne Fosdick, Volunteer Management Program Assistant, Robin Peters, Nutrition Connections, Kathleen Jablonski, 4-H Youth Development, Donna Lee, Teresa Locke, and Kristina Vaughan, Administrative Assistants, were joined in November, 2008 by new staff member David Falkenham, Forestry Resources Educator, and in March 2009 by Heather Bryant, Agricultural Resources Educator. The new Educators have actively stepped into their roles to provide educational programming for the citizens of Grafton County and New Hampshire.

Over the past year, the Agricultural Resources program focused on commercial growers and outreach to the growing number of home gardeners in the County, including a large quantity of site visits in response to the outbreak of Late Blight. Meetings were held on organic vegetable production and tree fruit integrated pest management. The office was a host site for growers to participate in a series of webinars on strawberry production. A six part gardening workshop series was hosted at the County Complex and a local greenhouse. Upon the request of a Haverhill Cooperative Middle School teacher, the Volunteer Management Program Assistant, the County Forester and the Agricultural Resources Educator collaborated on a "Wild Edibles" program which they presented to four different classes.

The Family and Consumer Resources program certified thirty-nine food service workers (90%) who attended SERVSAFE classes and passed the national certification program. Other food service workers around the County attended a two-hour food safety program held in a number of locations.

A two-hour session entitled *Managing Money in Tough Times* was offered in four locations around the County, reaching over sixty residents. In addition, financial education information was shared with local libraries, County employees, local media outlets, and was incorporated into educational displays.

The City of Lebanon, working with UNHCE staff, held two city-wide informational meetings to provide public input as they worked on updating their Master Plan.

Highlights of the work done in the Forestry Resources program included: conducting thirty-five site visits with private landowners discussing the health and wise stewardship of over eight thousand acres of private land. These visits simultaneously support New Hampshire's private landowner base, the forest products

industry, and NH licensed consulting foresters.

Six natural resource education programs were organized in collaboration with other agencies attracting over two hundred attendees. Topics ranged from selling timber and wildlife management to Current Use education.

The Extension Forestry program has continued to provide educational programs and woodlot management advice to private landowners, forestry professionals, municipal officials and the County Farm Advisory Committee.

4-H Youth Development programs continue to support the ninety-six volunteer leaders and over two hundred fifty youth in Grafton County. Eighteen county-wide 4-H events were held with support from volunteer committees and judges. Grafton County was fortunate to have two National 4-H award winners: Alexandra Patch, of Lebanon, represented New Hampshire at the National Dairy Conference and Hannah Walker, of North Haverhill, represented our state at National 4-H Congress.

A \$30,000 JC Penney Afterschool grant enhanced the UNHCE and A+ program collaboration and increased programming and volunteer recruitment activities. Because of this grant, one hundred twenty additional youth in Campton, Rumney and Plymouth were able to receive afterschool programming. Outreach to this and two other county-based after school programs helped to reach over three hundred fifty additional youth with 4-H curricula.

An on-line orientation system for newly screened 4-H volunteers was implemented, extending the ability of the 4-H staff to reach more volunteers. Statewide work in 4-H Afterschool curriculum development, 4-H volunteer training, and updating materials for the traditional 4-H Club program continues based on current research.

The Volunteer Management Program Assistant (VMPA) conducted several 4-H afterschool programs around the county including at the Plymouth, Campton, and Rumney Elementary Schools and at the Haverhill Cooperative Middle School. In addition, the VMPA worked with the Agricultural Educator and the summer intern on the Display Vegetable Garden and a series of workshops and open-house sessions, and worked with several Master Gardeners to facilitate their projects. All of these programs combined to extend 4-H and Agricultural Resources programming to an additional 157 people.

The State UNHCE Dairy Specialist, MVlitchal Lunak, is housed in Grafton County. His work this year included coordinating a farm business QuickBooks course in Concord for ten participants and conducting site visits as part of an ongoing cooperation with an agricultural engineer from New York to assess building challenges on dairy farms throughout the state.

Additional funding from United States Department of Agriculture's Risk Management Agency for risk management programs was obtained for 2008-2009. Speakers from the NH Alternative Energy Association and NH Electric Cooperative addressed photovoltaic, wind and geo energy production, tips for saving energy on farms, as well as grants available for producers to develop alternative energy production on farms.

Applications of genomics in dairy cattle breeding and sexed semen were discussed

at the NH Dairy Management Conference held in West Lebanon and Groveton, by this year's featured speaker from Virginia Polytechnic Institute and State University.

As a collaborative effort with other agencies serving Grafton County, the staff staged the Conservation Field Day at the North Haverhill Fairgrounds in May, reaching 262 fifth grade youth from all over the County. Working with youth and their teachers increases the public's understanding of agriculture and local food production.

Amanda Nadeau, a UNH student and Piermont native, served as Summer Assistant this year. She completed work for both the 4-H Youth Development and Agricultural Resources programs, including assisting with the demonstration garden and gardening workshop series, and the 4-H portions of the North Haverhill Fair.

Nutrition Connections programming continues to serve the population receiving food stamps and those meeting low income guidelines. Nutrition education programs have been held in conjunction with the Grafton County Academy program, Friendship House, and many agencies throughout the County. Robin Peters has been instrumental in bringing NH Food Bank programs into Grafton County.

The Extension staff are advised and guided by the members of the Grafton County UNHCE Advisory Council. This group is comprised of the following members: Mary Ames (Bath), Commissioner Raymond Burton (Bath), Pauline Corzilius (Pike), Commissioner Michael Cryans (Hanover), Annemarie Godston (North Haverhill), Frank Hagan (Bethlehem), David Keith (North Haverhill), Luther Kinney (Sugar Hill), Martha McLeod (Franconia), Joan Osgood (Piermont), Rebecca Page (Haverhill), Commissioner Martha Richards (Holderness), Emilie Shipman (Enfield), Cheryl Taber (Littleton), and Representative Kathleen Taylor (Franconia).

Our office is open to the public and located at the Grafton County Administration Building, 3855 Dartmouth College Hwy, Box 5, N. Haverhill, NH 03774. Telephone: 603-787-6944. NH residents may call the UNHCE Education Center at 1-877-398-4769 for information on energy conservation and home and garden questions. Visit our website: <http://Jextension.unh.edu> for up-to-date information.

LINWOOD AMBULANCE SERVICE REPORT

Linwood Ambulance Service had many accomplishments in 2009. From great public awareness and training, awards, to a burst of new members, and of course emergency medical services provided to this community.

We continue to offer CPR training the first Monday of each month. Last year we trained around 65 people. There are 27 AEDs (Automated External Defibrillators) in our community. The American Heart Association has recognized the importance of early CPR and use of AED. The State of New Hampshire has a program that designates communities as "Heart Safe". We applied for this designation and been approved. The requirements were met because of local businesses purchasing the AED and individuals taking the three hour CPR class. Signs will welcome persons to Lincoln and Woodstock as a "Heart Safe Community"

Ken Chapman was named EMS Provider of the year by the North Country Public Safety Foundation. Jane Duguay and Rita Rand both retired this year. Jane had volunteered with the ambulance for 20 years and Mrs. Rand a member of the Board of Directors for nearly 30 years. Both received plaques and were named Lifetime Members.

Last spring several agencies worked together to bring a mock car crash to the high school students at Lin-Wood. The crash demonstrated a consequence of driving under the influence of alcohol. These poor choices have devastating results for many. This exercise revealed the harsh reality to our students. The event came just before prom and included a moving presentation from Mothers Against Drunk Driving.

In 2009 we responded to **691** calls. If you haven't already, please post your 911 physical address on the outside of your residence. All public safety responders (fire, police, and ambulance) need to be able to find you in an emergency.

Our greatest achievement in 2009 is the significant increase in volunteers. We now have 27 volunteers including the **ten** new volunteers last year. Their skills range from EMT through Paramedic. In addition to their initial training and testing, all members commit to 36 hours of continuing education each year to maintain their certifications and skill levels. Visit us at www.linwoodambulance.com to learn more about your ambulance service.

The following is an alphabetic list of our current members:

Cheryl Bailey	Darlene Goodbout	Holly O'Hara	Ben Thibault
Augusta Blackstone	Callum Grant	Tom O'Hara	Kim Thibault
Kristyna Champagne	Lindsay Green	Samantha Perkins	Nick Varin
Ken Chapman	Colin Haase	Kristin Peterson	Nicholas Wawrznski
Eugene Davis	Donna Martel	Jon Place	Robert Wetherell
Ron Fitzgerald	Bill Mead	Dawn Roby	Amy Zabiegalski
Megan Gaites	Stacy Meier	Marti Talbot	

On a side note, Megan Gaites is on leave working as the medical officer on a ship off the coast of Haiti. She is providing medical care to the ship's staff and the United Nations delegates.

On behalf of the board and our members, thank you for your support!

Truly Yours,

Robert J. Wetherell, NREMT-P
Director
Linwood Ambulance Service

PLANNING BOARD REPORT

Dear Voters of Woodstock,

The Woodstock Planning Board had a slow year in 2009 with only one minor subdivision to review and two telecommunication additional equipment proposals to approve. The Board heard from four parties who had questions concerning modifications to approved subdivisions or proposals that may come before the Board in the future. The Board also inspected all approved gravel sites twice during calendar year 2009 as required, and assured that all associated bonds were current.

The Planning Board meets on the second Monday of every month, whether or not there are scheduled hearings. The Board was able to spend some extra time drafting and adopting our Rules of Procedure; amending the Telecommunication Ordinance to be consistent with recent legislation changes; working on the Subdivision Ordinance; and revising application forms.

The revised Telecommunication Ordinance will come before the March 2010 Town Meeting for approval. A hearing on the ordinance was held on January 11, 2010 at the monthly Planning Board Meeting. There was no public participation at the hearings. The ordinance includes the new state regulations under RSA 12-K which call for regional notification of towns within a twenty mile radius for any telecommunication applications. The ordinance also makes it clear that the ordinance applies not only to new tower construction but also to modifications of existing towers as well. The ordinance also encourages the consideration of alternate types of structures and the use of non-glare materials. The language regarding the requirement to post a bond or proof of insurance to cover the cost of removal of an existing tower was deleted. This decision was made because the owner of the tower and/or land must notify the town if a tower is being abandoned, unused, or removed. Most likely, if the tower is not going to be used, the owner of the tower will remove it as it is considered a taxable improvement and will be costly to keep on the property. If, for some reason, the owner does not remove it, the town can have it removed and assess the owner the costs of removal. It did not seem necessary to require an annual bond for the removal of a structure with a long term use, when in all likelihood, the tower will voluntarily be removed at the end of its useful life. Some new definitions and renumbering of paragraphs are also included in the draft. The proposed amended Telecommunication Ordinance is found on the Town of Woodstock's website at www.WoodstockNH.Org. The Planning Board is available to answer any questions you may have regarding the proposed amendments.

Given the current state of the economy, the Planning Board does not anticipate an increase in activity for the coming year. The Board will continue to review ordinances and procedural rules to ensure that the town is up to date with current law. The Flood Plain Ordinance, Shoreland Protection Ordinance, and Subdivision Ordinance will be reviewed in 2010, based on the current anticipated volume of scheduled hearings. We welcome your input. If you have any thoughts or issues that should be brought to our attention, please let us know. You can visit us in person at our scheduled monthly meetings or visit our web site at www.WoodstockNH.Org to learn what business is scheduled to be presented to the Board. Thank you for this opportunity to be of service to the Town of Woodstock.

Sincerely,
Bonnie Ham, Chairman

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Woodstock
Woodstock, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Woodstock as of and for the fiscal year ended December 31, 2008, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Woodstock's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Woodstock as of December 31, 2008, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Town of Woodstock has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Woodstock basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
Reconciliation of Total Governmental Fund Balances to the Statement of Net Assets
December 31, 2008*

Total fund balances of governmental funds (Exhibit C-1)		\$ 2,124,976
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the funds.		
Cost	\$ 14,805,933	
Less accumulated depreciation	(4,420,858)	
		10,385,035
Interfund receivables and payables between governmental funds are eliminated on the statement of net assets.		
Receivables	\$ (1,139,344)	
Payables	1,139,344	
		-
Other long-term assets are not available to pay for current-period expenditures, and therefore, are deferred in governmental funds.		
Intergovernmental receivable		158,886
Interest on long-term debt is not accrued in governmental funds.		
Accrued interest payable		(46,358)
Long-term liabilities are not due and payable in the current period, and therefore, are not reported in the funds.		
Bonds	\$ 1,042,640	
Capital leases	286,000	
Compensated absences payable	132,624	
		(1,461,264)
Total net assets of governmental activities (Exhibit A)		<u>\$ 11,164,275</u>

The notes to the basic financial statements are an integral part of this statement.

Woodstock, New Hampshire

EXHIBIT C-4
TOWN OF WOODSTOCK, NEW HAMPSHIRE
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended December 31, 2008

Net change in fund balances of governmental funds (Exhibit C-3)		\$ (78,148)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay exceeded depreciation expense in the current period.		
Capitalized capital outlay	\$ 482,989	
Depreciation expense	(295,188)	187,801
Payments of principal and interest on long term debt not due until the subsequent year were recorded as prepaid items in the prior year in governmental funds.		
Prepaid principal and interest		108,610
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.		
Decrease in deferred aid revenue		(13,816)
Transfers in and out between governmental funds are eliminated on the operating statement.		
Transfers in	\$ (368,866)	
Transfers out	368,866	-
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.		
Issuance of capital lease	\$ (475,000)	
Repayment of bonds principal	30,000	
Repayment of capital lease	305,427	(139,573)
Some expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.		
Increase in accrued interest expense	\$ (45,605)	
Decrease in compensated absences payable	19,598	(26,007)
Change in net assets of governmental activities (Exhibit B)		<u>\$ 38,867</u>

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Woodstock, New Hampshire (the Town) have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

1-A Reporting Entity

The Town of Woodstock is a municipal corporation governed by an elected 3-member Board of Selectmen. The reporting entity is comprised of the primary government and any other organizations that are included to ensure that the financial statements are not misleading.

Component units are legally separate organizations for which the Town is financially accountable. The Town is financially accountable for an organization if the Town appoints a voting majority of the organization's governing board, and (1) the Town is able to significantly influence the programs or services performed or provided by the organization; or (2) the Town is legally entitled to or can otherwise access the organization's resources; the Town is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Town is obligated for the debt of the organization. Based on the foregoing criteria, no other organizations are included in the Town's financial reporting entity.

1-B Basis of Presentation

The Town's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities; and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the Town as a whole. Fiduciary activities are not included at the government-wide reporting level. Individual funds are not displayed at this reporting level as all individual funds are consolidated as governmental activities.

The statement of net assets presents the financial position of the governmental activities of the Town at year-end. This statement includes all of the Town's assets, liabilities and net assets.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with the function, and therefore, clearly identifiable to that particular function.

The statement of activities reports the expenses of a given function offset by program revenues directly related to the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with the functional activity. Program revenues include: (1) charges for services, which include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) operating grants and contributions which finance annual operating activities including restricted investment income. These revenues are subject to externally imposed restrictions to the program uses.

For identifying to which function program revenue pertains, the determining factor for *charges for services* is which functions generate the revenue. For *grants and contributions*, the determining factor is to which functions the revenues are *restricted*.

Fund Financial Statements - During the year, the Town segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements are designed to present financial information of the Town at this more detailed level. Fund financial statements are provided for governmental and fiduciary funds.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

Fund Accounting - The Town uses funds to maintain its financial records during the year. The Town uses two categories of funds: governmental and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The Town reports the difference between governmental fund assets and liabilities as fund balance. The following are the Town's major governmental funds:

General Fund - The general fund is the primary operating fund of the Town. All general revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. This fund accounts for general operating expenditures, fixed charges, and the capital improvement costs that are not reported in other funds.

Water Department Fund - The Water department fund is used to account for water distribution and treatment services for the Town.

Expendable Trust Fund - The expendable trust fund is used to account for funds established at Town Meeting as capital reserve or other expendable funds.

The Town also reports three nonmajor governmental funds.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets. The Town's fiduciary funds consist of two types of funds, private purpose trust and agency funds. The agency funds are custodial in nature (assets equal liabilities), and do not involve the measurement of results of operations.

1-C Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the Town are included on the statement of net assets. The statement of activities reports revenues, expenses, and changes in net assets.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Fiduciary funds use an economic resources measurement focus. These funds report all assets and liabilities on the statement of fiduciary net assets. The statement of changes in fiduciary net assets reports additions and deductions to net assets of the private purpose trust funds.

1-D Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of some deferred revenue, and in the presentation of expenses versus expenditures.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

Revenues - Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year, generally within sixty days of year-end.

Revenues - Nonexchange Transactions - Nonexchange transactions, in which the Town receives value without directly giving equal value in return, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all grantor imposed eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Town must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions also must be available (i.e., collected within 60 days) before it can be recognized, with the exception of property taxes which are recognized if expected to be collected in time to be used to pay the liability to the school district which is due over the next six months.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: taxes, charges for services, interest, and federal and state grants.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. On governmental fund financial statements (i.e., on the modified accrual basis), receivables that will not be collected within the available period have been reported as deferred revenue (i.e., they are measurable, but not available) rather than as revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

I-E Assets, Liabilities, and Net Assets or Fund Equity

I-E-1 Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents - Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town.

New Hampshire statutes require that the Town treasurer have custody of all moneys belonging to the Town and pay out the same only upon orders of the Board of Selectmen. The treasurer shall deposit all such moneys in participation units in the public deposit investment pool established pursuant to N.H. RSA 383:22 or in solvent banks in the state. Funds may be deposited in banks outside the state if such banks pledge and deliver to a third party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations or obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.

Investments - Whenever the treasurer has in custody an excess of funds, which is not immediately needed for the purpose of expenditure, the treasurer shall, with the approval of the Board of Selectmen, invest the excess funds.

New Hampshire law authorizes the Town to invest in the following type of obligations:

- Obligations of the United States government.
- The public deposit investment pool established pursuant to RSA 383:22,
- Savings bank deposits,
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the state treasurer.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the Town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

Investments are stated at fair value based on quoted market prices.

1-E-2 Receivables

Tax revenue is recorded when a warrant for collection is committed to the tax collector. Taxes receivable are reported net of an allowance established for any taxes considered to be uncollectible by management. As prescribed by law, the tax collector executes a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax decreed to the Town.

Accounts receivable include various service charges which are recorded as revenue for the period when service was provided.

1-E-3 Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated on the statement of net assets.

1-E-4 Capital Assets

Capital assets are those assets of a capital nature which the Town owns. These assets are reported in the applicable columns of the government-wide financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Town maintains a capitalization threshold of \$5,000 and more than one year of estimated life. Improvements to capital assets are capitalized; the costs of normal maintenance and repairs that do not add to the value of an asset or materially extend the asset's life are expensed.

All reported capital assets are depreciated over their estimated useful lives. Depreciation is computed using the straight-line method over the following useful lives:

	Years
Buildings and building improvements	20 - 50
Machinery and equipment	8 - 30
Infrastructure	20 - 175

1-E-5 Compensated Absences

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the Town's experience of making termination payments.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Governmental funds report the compensated absence liability at the fund reporting level only "when due."

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

1-E-6 Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of these funds. However, claims and judgments, and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year.

1-E-7 Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Equity for all other reporting is classified as "net assets."

Fund Balance - Generally, fund balance represents the difference between the current assets and current liabilities. The Town reserves those portions of fund balance that are legally segregated for a specific future use or which do not represent available, spendable resources, and therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance that is available for appropriation in future periods.

Net Assets - Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net assets are reported as unrestricted.

The Town applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

1-E-8 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement of repayment are reported as interfund transfers. At the fund reporting level, interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

At the government-wide financial reporting level, transfers between funds that would be reported in the individual funds are eliminated.

1-E-9 Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

NOTE 2 - DETAILED NOTES ON ALL FUNDS AND GOVERNMENT-WIDE STATEMENTS

2-A Taxes Receivable

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year. The net assessed valuation as of April 1, 2008, upon which the 2008 property tax levy was based is:

For the New Hampshire education tax	\$253,229,680
For all other taxes	\$755,497,536

The Town subscribes to the semi-annual method of tax collection as provided for by RSA 76:15-a. Under this method, tax bills are due on or around July 1 and December 1 of each year, with interest accruing at a rate of 12% on bills outstanding after the due date. The first billing is considered an estimate only and is one half of the previous year's tax billing. The remaining balance of taxes due is billed in the fall after the New Hampshire Department of Revenue Administration has calculated and approved the Town's tax rate for the fiscal year.

In connection with the setting of the tax rate, Town officials with the approval of the Department of Revenue Administration, establish and raise through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any tax allowances at year-end. The property taxes collected by the Town include taxes levied for the State of New Hampshire, Lincoln-Woodstock School District, and Grafton County, which are remitted as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

The tax rates and amounts assessed for the year ended December 31, 2008, were as follows:

	Per \$1,000 of Assessed Valuation	Property Taxes Assessed
Municipal portion	\$6.04	\$ 1,543,503
School portion:		
State of New Hampshire	\$7.40	607,568
Local	\$5.73	1,463,004
County portion	\$1.44	368,798
Total		<u>\$ 3,982,873</u>

During the current fiscal year, the tax collector executed a lien on May 8 for all uncollected 2007 property taxes.

Taxes receivable at December 31, 2008, are as follows:

Property:	
Levy of 2008	\$ 357,630
Unredeemed (under tax lien):	
Levy of 2007	53,260
Levy of 2006	38,357
Levy of 2005	1,513
Levies of 2004 and prior	312
Excavation	264
Less: allowance for estimated uncollectible taxes	(55,500)
Net taxes receivable	<u>\$ 395,836</u>

Woodstock, New Hampshire

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

2-B Other Receivables

Other receivables at December 31, 2008, consisted of accounts (billings for water and sewer), and intergovernmental amounts arising from grants.

Receivables are recorded on the Town's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and collectibility.

2-C Capital Assets

Capital asset activity for the year ended December 31, 2008 was as follows:

	Balance, beginning	Changes	Balance, ending
At cost:			
Not being depreciated:			
Land	\$ 983,174	\$ -	\$ 983,174
Being depreciated:			
Buildings and building improvements	4,154,796	7,989	4,162,785
Machinery and equipment	944,913	475,000	1,419,913
Infrastructure	8,240,061	-	8,240,061
Total capital assets being depreciated	13,339,770	482,989	13,822,759
Total all capital assets	14,322,944	482,989	14,805,933
Less accumulated depreciation:			
Buildings and building improvements	(1,152,312)	(84,158)	(1,236,470)
Machinery and equipment	(350,616)	(95,446)	(446,062)
Infrastructure	(2,622,782)	(115,584)	(2,738,366)
Total accumulated depreciation	(4,125,710)	(295,188)	(4,420,898)
Net book value, capital assets being depreciated	9,214,060	187,801	9,401,861
Net book value, all capital assets	\$ 10,197,234	\$ 187,801	\$ 10,385,035

Depreciation expense was charged to functions/programs of the Town as follows:

General government	\$ 21,968
Public safety	72,618
Highways and streets	69,618
Sanitation	128,659
Culture and recreation	325
Total	\$ 295,188

2-D Interfund Balances and Transfers

Interfund balances at December 31, 2008 consist of overdrafts in the pooled cash as follows:

Receivable fund	Payable fund	Amount
Water	General	\$ 1,092,031
Nonmajor	General	47,310
		\$ 1,139,344

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

Interfund transfers during the year were comprised of voted appropriations as follows:

	Transfers in:			
	General Fund	Expendable Trust Fund	Nonmajor Funds	Total
Transfers out:

Totals	<u>\$ 286,000</u>	<u>\$ 70,308</u>	<u>\$ 356,308</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit, and will be repaid from general governmental revenues.

Bonds and notes authorized and unissued as of December 31, 2008 were as follows:

Per Town Meeting vote of	Purpose	Unissued Amount
March 9, 2004	sewer extension	\$12,538

NOTE 3 - OTHER MATTERS

3-A Pensions

The Town of Woodstock participates in the New Hampshire Retirement System (the System) which consists of a cost-sharing, multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Provisions for benefits and contributions are established and can be amended by the New Hampshire Legislature. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees except police officers are required to contribute 5% of gross earnings. Police officers are required to contribute 9.3% of gross earnings. For 2008, the Town contributed 11.84% for police and 8.74% for other employees. The contribution requirements for the Town of Woodstock for the fiscal years 2006, 2007, and 2008 were \$42,872, \$43,618, and \$53,755, respectively, which were paid in full in each year.

The State of New Hampshire funds 35% of employer costs for police officers employed by the Town. This amount, \$18,011, is reported as an "on-behalf" payment, as an expenditure and revenue on the governmental fund operating statement, and as an expense and revenue on the government-wide statement of activities.

3-B Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2008, the Town was a member of the New Hampshire Public Risk Management Exchange (Primex) Workers' Compensation Program, which is a pooled risk management program under RSA's 5-B and 281-A. The workers' compensation policy provides statutory coverage for workers' compensation. Primex retained \$500,000 of each loss. The membership and coverage run from July 1 through June 30. The estimated net contribution from the Town of Woodstock billed and paid for the year ended December 31, 2008 was \$14,313. The member participation agreement permits Primex to make additional assessments to members, should there be a deficiency in contributions for any member year, not to exceed the member's annual contribution. At this time, Primex foresees no likelihood of any additional assessment for this or any prior year.

3-C Contingent Liabilities

The Town has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement from the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the Town believes such disallowances, if any, will be immaterial.

General Budget Policies	1
Budgetary Reconciliation	2

TOWN OF WOODSTOCK, NEW HAMPSHIRE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2008

1. General Budget Policies

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the general and water department funds. Except as reconciled below, the budget was adopted on a basis consistent with U.S. generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets, but provide for the use of beginning unreserved fund balance to achieve that end. In the fiscal year 2008, \$125,000 of the beginning general fund fund balance was applied for this purpose.

2. Budgetary Reconciliation

The following reconciles the general fund budgetary basis to the GAAP basis.

Revenues and other financing sources:	
Per Exhibit F (budgetary basis)	\$ 2,316,851
Adjustments:	
Basis difference:	
Inception of capital leases	475,000
On-behalf retirement contributions made by the State of New Hampshire recognized as revenue on the GAAP basis, but not on the budgetary basis	18,011
Per Exhibit C-3 (GAAP basis)	<u>\$ 2,809,862</u>
Expenditures and other financing uses:	
Per Exhibit F (budgetary basis)	\$ 2,426,868
Adjustments:	
Basis difference:	
Encumbrances, ending	(39,312)
Inception of capital leases	475,000
On-behalf retirement contributions made by the State of New Hampshire recognized as expenditures on the GAAP basis, but not on the budgetary basis	18,011
Per Exhibit C-3 (GAAP basis)	<u>\$ 2,880,567</u>

**INDEPENDENT AUDITOR'S COMMUNICATION OF
CONTROL DEFICIENCIES AND OTHER MATTERS**

To the Members of the Board of Selectmen
Town of Woodstock
Woodstock, New Hampshire

In planning and reporting our audit of the financial statements of the Town of Woodstock as of and for the fiscal year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the financial statements that is more than inconsequential will not be prevented or detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

We also want to discuss the following issue that we do not consider to be a significant deficiency.

Preparation of Financial Statements and Disclosures

An independent auditor cannot be considered a part of the Town's internal controls. The Town is required to have internal controls over financial statement preparation that include having the skills necessary to prepare or review financial statements that are in accordance with generally accepted accounting principles. The Town would then prepare the financial statements for audit or review, and accept responsibility for the financial statements prepared by the auditor.

The Town's financial statements were prepared by the auditor, however, the Town does not have the expertise to evaluate whether the financial statements are in accordance with generally accepted accounting principles.

We recommend that the Town evaluate whether it is cost effective to hire a person with the qualifications to prepare the financial statements and disclosures in accordance with generally accepted accounting principles.

This communication is intended solely for the information and use of management, the board of selectmen, others within the organization, and state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties.
